Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS

- "I need a legal document quickly."
- "I don't know how to write all the legal terms."
- "I want to edit the document before downloading it."

THINKS

- "I may miss an important clause."
- "Writing a legal document manually takes too much time."
- "It should be simple and easy to understand."

NAME:

LegalEase User
(Role / User Type: Person who needs to

	<i>create legal documents)</i>	
DOES • ☐ Enters the document and required type details. ☐ • ☐ Generates the document using LegalEase. ☐ • Edits and downloads the document.		FEELS • Confused when dealing with complex legal terms. • Worried about making mistakes in the document. • More confident when the document is generated and editable.
